(d) The priority of use of a quay reserved to a steamer under these rules does not, however, secure to her a choice of quay. Such choice is dependent on the working arrangements adopted, and through Agents' and Masters' wishes will be complied with in so far as possible, results will have to go where the Port Authorities see fit to back them.

8. The following are the daily maximum quantities of different classes of cargo which must be discharged or shipped over a quay in order to enable a vessel to remain the berth for the most of a month's work over a quay being, in any one day, less than the quantities specified, with the exception of coal for which average quantities have been specified, the Traffic Manager may still open her to receive the berth within 24 hours of the receipt of notice if another waiting vessel should desire access to it:—

(1) A vessel discharging and lashing cargo at a quay, other than the South Quay, may claim to be there for a period, calculated in days by dividing the whole available tonnage of coal for Malacca or if she has already discharged part of such available tonnage, her remaining tonnage by 250 multiplied by the number of bales—any vessel having her basket hatch if she has one—from which and will be discharged.

(2) The stay of a coal steamer at the South Quay shall be governed by rule 8. (1), whereas another vessel has applied for the berth so as not, except that the factor for this quay shall be 250.

(3) A coal vessel with over 1,000 tons of coal to discharge at Malacca will be given priority of use of a quay before a vessel with less than 5,000 tons. Should the latter be already at the quay when the former wishes to use it, she must quit the quay within 24 hours from the time notice is served on her by the Port Trust.

(4) If a steamer wishing to use a quay has less than 2,000 tons of coal to discharge, her agents will, if possible, be warned of the date it is likely to be needed for an expected boat with over 2,000 tons to discharge.

(5) If, on the completion of her work at a quay, a steamer should be found to have dropped coal, stones, or any other material contrary between ship and quay, in quantities sufficient to damage the berth for working purposes, the Trust will dredge away the material, as dredging charges the steamer disburse at the rate of Rs. 10 per ton for each material, on the average project, to have been dredged. Coal so dredged will only be returned to those who dropped it if the available method of dredging it enables it to be discharged direct into owner's boats ready to receive it. Otherwise it will be put out of or most convenient to the Trust, as having been obtained by the owners.

(6) Export vessels will be liable to be called upon by the Trust to receive a quay if their minimum shipments on any one day should fall below 100 tons per working berth in the case of general cargo and 100 tons per working berth in the case of bag cargo.

(7) Vessels discharging general cargo at all or more of a quay must discharge, daily, a minimum of 2,000 tons from each berth from which the cargo has to be discharged.

(8) Vessels discharging general cargo over quays must put out a minimum of 100 tons per working berth per day.

(9) Vessels discharging timber at quays must put out a minimum of 100 tons per working berth per day for steppers and 15 tons per working berth per day for timber, based on measurements.

(10) Vessels loading stores are, nevertheless, not to load magazines in bulk at a quay must take in a minimum of 200 tons per working berth per day.

(11) Vessels discharging export bag cargo at a quay must put out a minimum 200 tons per working berth per day.

4. For the purposes of these rules a working day shall be a day of twenty-four hours from 6 a.m. to 6 p.m.

5. Provided that the revised rules now submitted be approved in expensures of the existing rules.

Port St. George, June 20, 1932 (G.O. No. 35, 135, Madras).

No. 116.—The following amendments announced in the *Subsidiary Rules* published with G.O. No. 914, Madras, dated 25th November 1931:—

(1) *Page 3 of the Government Order*.—Rule 2 (3).—For the striking words "hereinafter as modified by G.O. No. 154, Madras, dated 25th February 1932," substitute the following:—

"According to the definition of 'average pay' in this rule, the average is to be taken of the monthly pay earned during the twelve complete months immediately preceding the month in which the leave is taken, and for this purpose 'the twelve complete months immediately preceding' should be interpreted literally. Thus a Government servant who has been on leave from 1st March 1932 to 31st July 1932 is entitled to be granted leave from 1st February 1932. His average pay should be calculated on the pay earned for the period from February 1931 to 31st March 1932 and 31st July 1932 to 31st January 1933. If, however, a Government servant happens to be on leave for more than twelve months immediately preceding the date on which he takes leave under the *Fundamental Rules*, then the average should be taken of the monthly pay earned during the twelve complete months immediately preceding the month in which the leave originally commenced."

Rule 3.—In the case of the Government servants who were on leave on 1st January 1932, the date on which the *Fundamental Rules* came into force and who exercise the option of accepting the unexpired portion of their leave and submitting for a new period of leave to which they may be entitled under the *Fundamental Rules*, the average for the purpose of the leave under the new rules should be calculated on the pay earned during the twelve complete months immediately preceding the month in which the leave originally commenced irrespective of the period of the original leave.

*Port St. George, June 5, 1921 (G.O. No. 503, Revised).*

No. 158.—The Government sanction the introduction in the offices mentioned in the Appendix to this order of the system referred to in G.O. No. 250, Financial, dated 26th May 1920, according to which payments on account of supplies and services and contingencies can be made by endorsing contingent bills to parties other than the drawing office. The Inspector-General of Prisons has suggested that bills for amounts of not less than Rs. 100 due to any individual should in future be thus endorsed for payment at the Accountant-General's office or at the Treasury concerned, while the Inspector-General of Registration and the Board of Revenue have suggested a lower limit of Rs. 50. The Government do not consider it necessary to prescribe any limit but leave it to the discretion of the Head of the Department, with the general remark that amounts which are too large to be paid conveniently out of office contingencies might then be endorsed for payment.

3. In order to restrict the rush of expenditure during the last days of March, the Government consider that except in special circumstances, bills should not be endorsed for payment to parties later than the 15th March in the case of payments at different treasuries and 25th March in the Presidency towns. An endorsement should be entered on bills issued for payment in March to the effect that the payment order will lapse unless the bills are cashed by the end of that month.

4. The Hon'ble the Judges of the High Court are informed that in the opinion of Government the system may be introduced in the judicial courts. The system has already been tried in various offices in the mofussil and is being extended to other offices. The Inspector-General of Police has remarked that any advantages which the proposed system may possess are more than outweighed by the disadvantages and does not therefore recommend any departure from the present system. In

view of the opinion of the Accountant-General ordered by the Auditor-General, that the system referred to in G.O. No. 205, Financial, dated 25th May 1909, will provide a safeguard against possible misappropriations, the High Court and the Inspector-General of Police are desired to reconsider their views.

4. If any Head of a Department desires to introduce the system to his office or into offices subordinate to his office, he is requested to address Government in the matter through the Accountant-General.

5. With reference to the suggestions contained in paragraphs 2 and 3 of his letter No. G. 512, dated 25th May 1922, the Inspector-General of Prisons is informed that suitable instructions have already been issued in G.O. No. 205, Financial, dated 24th May 1909.

Port St. George, June 18, 1923 (S.O. No. 364, L. & M.)

No. 562.—In reviewing the statements of outstanding liabilities on 30th September 1922 submitted by local bodies with reference to G.O. No. 1816, L. & M., dated 15th August 1921, the Government in G.O. No. 16, L. & M., dated 21st January 1923, had occasion to remark that the outstanding liabilities were heavy and that attention to collection work was mainly responsible for them. All municipal accounts were therefore requested to push up with collections work and to clear off the liabilities at a early date. The returns of various big bodies for the half-year ending 30th March 1923 as far received show that the outstanding liabilities were even greater than at the end of the previous half-year—4,92 lakhs against 4,65 lakhs in the previous half-year. The Townships Municipal Councils had the largest liabilities—Rs. 1,00,000; namely, Tiruvallur, Tirupur and Tiruvarur. The largest liabilities of other bodies were Rs. 1,00,000; Tiruvarur, Tirupur, Tiruvarur and Tiruvarur. The largest liabilities of other bodies were Rs. 1,00,000; Tiruvarur, Tirupur, Tiruvarur and Tiruvarur.

The total outstanding liabilities of all bodies as at 30th March 1923 amounted to Rs. 2,40 lakhs against Rs. 2,15 lakhs as at 30th September 1922. But as returns have not been received from some distant boards, the total amount outstanding was probably considerably in excess of the figure shown. The North Arcot District Board had the largest liability—Rs. 1,00,000; Tiruvarur, Tirupur, Tiruvarur and Tiruvarur.

3. The Government desire to impress again upon all local bodies that if necessary in payment of outstanding claims it is an indication of the inefficiency of local administration and will in the long run seriously affect their credit. All local bodies are therefore requested to see that the outstanding liabilities are cleared at as early date as they can and not suffer. The Government have issued instructions to the Accountant-General in G.O. No. 2584, L. & M., dated 21st December 1922, for the adjustment of the amounts due to Government by local bodies from the previous years payable to them. These instructions should be carefully followed.

4. The returns for the half-year ending 30th March 1923 were due with the Government on or before the 25th April 1923 but several of them were received late. The Chairmen of the various Municipal Councils and the Presidents of the various District Boards should have been not yet submitted. The Government have issued instructions to the Chairmen of the various District Boards to submit their returns with dispatch. The Government will consider it their duty to take steps to reduce the amount of the outstanding liabilities to a minimum.

No. 554.—The following G.O. No. 487, Finance, dated 31st May 1923, is published:—

[Local Fund Audit—Consolidated report on the accounts of municipalities and local boards for 1921-22—Summed up with remarks.]

REAS—the following papers:—

# I

Letter from B. SIVARAMAN RAU, Esq., B.A., Officiating Examiner of Local Fund Accounts, to the Secretary to Government, Finance Department (through the Accountant-General), dated Madras, the 27th December 1922, No. L. F. 19-100-4993.

With reference to G.O. No. 255, Finance, dated 23rd March 1924, I have the honor to submit the Consolidated Audit Report on the accounts of municipalities and local boards in this Presidency for the year 1921-22.

## SUMMARY.

### Consolidated Audit report for 1921-22.

(1) The report has been divided into two parts, Part I deals with municipalities and Part II with local boards.

(2) The audit of the accounts of all the municipalities has been completed and audit reports have been duly issued to the municipal councils for transmission with the copies of this summary.

(3) Nineteen test audits of Local Fund Accounts have been done since the submission of the last report.

### PART I.—MUNICIPALITIES.

Chengamandal.	Rajahmundry.
Erudalur.	Erudalur.
Talavady.	Talavady.
Tiruchirappalli.	Tiruchirappalli.
Tirupattur.	Tirupattur.
Tirupur.	Tirupur.
Tiruvannamalai.	Tiruvannamalai.
Tiruvengadam.	Tiruvengadam.
Tiruvotiyur.	Tiruvotiyur.

(4) Out of the 81 municipalities in the Presidency, the accounts of only six can be said to have been satisfactorily maintained. The result of audit has been in great measure characterized in the individual audit reports as either satisfactory or fairly satisfactory or unsatisfactory. Under the last class come the marginally cited municipalities.

(5) In spite of repeated comments in numerous annual reports, there has been little or no improvement in the return of the audit notes within the allotted time of six weeks. This will be evident from the fact that only 19 out of the 169 audit notes (pending to the two half-years) were returned within the due dates. In the case of the municipalities mentioned below, the audit notes for the period noted against each have not been received yet although they were due long ago.

Name of municipality.	Period.	Issued on.
Anantapur .. .. .	1919-20 (I)	11th November 1920.
Turainur .. .. .	1920-21 (I)	4th August 1921.
Rajahmundry .. .. .	Do.	24th "
Anantapur .. .. .	Do.	27th October 1921.
Tiruchirappalli .. .. .	Do.	26th December 1921.
Tiruvannamalai .. .. .	1921-22 (I)	22nd March 1922.
Anantapur .. .. .	Do.	18th April "
Chinnai .. .. .	Do.	6th May "
Tiruchirappalli .. .. .	Do.	23rd June "

In the case of audit notes received, a delay of over six months was noticed in the case of the following municipalities:—

Udalgatam.	Adoni.	Karnal.
Puducherry.	Tiruvannamalai.	Mangalore.
Erudalur.	Tanjore.	Puducherry.
Kumbakonam.	Virudhachari.	Erudalur.

(6) The monthly accounts of receipts and payments prescribed in article 434 of the Municipal Account Code were not submitted punctually by several municipalities. Some municipalities expressed difficulty in understanding the new system of accounts and in some municipalities the auditors had to assist the accounts completely in the new form.

Except in a very few instances, all the monthly statements from April to September 1921 were submitted in one batch in the middle of the second half-year. The delay defective in this respect was:—

Anantapur.	Erudalur.	Mangalore.	Chinnai.
Adoni.	Rajahmundry.	Madras.	Tanjore.
Chingelput.	Rajahmundry.	Puducherry.	Tiruchirappalli.

8. *Defects in assessment*.—(1) *Property tax*.—In spite of the clear instructions issued by Government in B.O. Nos. 721 & 722, dated 29th May 1929, and 1432, dated 7th October 1929, explaining the procedure to be adopted under the new Act in regard to the levy of Property tax, some of the Municipal Councils have not taken steps to follow the correct procedure in fixing the rental value and assessment according to the new Act.

The defects in procedure noticed in the levy of property tax may be briefly summarized under the following heads:—

(i) Notification required by rule 9 of Schedule IV of the Act was not issued (e.g., Gadiyattam).

(ii) Annual values fixed under the old Act were continued, with a deduction of 30 per cent for repairs, etc., under the new Act (e.g., Gadiyattam and Chengelpet).

(iii) The annual values fixed under the old Act were increased by 10 per cent and decreased by the same percentage, leaving the old annual values unaltered to show that the provisions of the new Act had been complied with (e.g., Srirangapat and Changanassery).

(iv) Tax per cent deduction for repairs, etc., was interpreted as one rupee for every ten rupees and a lump sum of one rupee was deducted for every Rs. 10 gross rental and for all rentals below Rs. 10 one rupee was deducted invariably (e.g., Thiruvannamalai).

(v) *Compensation law*.—The provisions of the Act and the rules were not properly complied with in regard to this tax. Some municipalities did not levy Compensation tax though the levy of it was notified, while others levied Profession tax as compensation instead of the tax on compensation.

In some municipalities the levy of Compensation tax was rendered defective and illegal by omission to publish the final notification under section 90 of the Act.

(vi) Several instances were noticed in which appeals were admitted by Municipal Councils contrary to the provisions of rule 28 of Schedule IV of the District Municipalities Act, 1920, though in some instances their attention was drawn in time to the conditions prescribed by the rule.

In one municipality (Srirangapat) the Chairman assessed himself to Profession tax at Rs. 6 for both the half-years of 1929-30 and appealed to the Council against his own assessment and got a reduction of Rs. 5 though rules 4 and 25 (a) of Schedule IV are quite clear that the original assessment of all the taxes payable by the Chairman should be made by the Revenue Divisional Officer and that no appeal lies except against such assessment.

It was also frequently noticed that some municipalities showed too much generosity in dealing with appeal petitioners and granted large reductions than what were asked for, e.g.,—

In Moudiyattam, a party prayed for a reduction of assessment from Rs. 9 to Rs. 4, but the sub-committee recommended its reduction to Rs. 6 and the Council granted the entire tax.

In Madurai, a party who was assessed to Rs. 30 preferred an appeal to the Council stating that his income was only Rs. 630 and requested to be assessed to Rs. 6 per half-year. The Council, on the other hand, decreased the entire tax.

In another case in Madurai, a cloth merchant who was assessed to Rs. 20 per half-year, preferred an appeal stating that the income on which he was assessed was too high and that he was prepared to pay a reasonable tax. But the Council awarded the entire tax.

9. *Write-off of dues*.—During the year under report several instances in which municipal councils have written off or remitted amounts due to them, other than taxes and tolls, without proper enquiry, were noticed though this defect was pointed out in the last Consolidated Audit Report.

In Srirangapat, as item one written off was without proper enquiry written off a second time. In Pulicat, Coimbatore, B. Narayana and Probst, some of the taxes written off as irrecoverable were found subsequently to have been collected already before the write-off was mentioned and in a few instances they were collected subsequently. A scrutiny of the write-off list also showed that several items of taxes were kept outstanding against officials for short periods and then written off. In such cases, the amount could have been realized if only prompt steps had been taken for collection in time.

10. *Provision for arrears*.—Owing to delay in the assessment of taxes and settling of the demands for the half-year or the year, or the case may be, and the consequent late issue of bills, the collection of taxes, etc., in the municipalities mentioned before was in large arrears. The

percentages which the outstanding bear in the total amount and amount demands have been noted below against the municipalities concerned:—

Municipality.	Percentage of current revenue to demand.	Percentage of previous revenue to demand.	Municipality.	Percentage of current revenue to demand.	Percentage of previous revenue to demand.
Amalgam .. ..	39.8	45.6	Perikimale .. ..	8.8	55.1

11. *Defalcations.*—Since the submission of the Consolidated Audit Report for 1929-30 there were no entry at all defalcations and temporary misappropriations reported to this office and the accounts involved ranged from Rs. 3-16-3 to Rs. 2,345-6-3.

They were not due to any inherent defect in the system of accounts but to a want of proper supervision and disregard of rules prescribed in the Code and Acts.

The following are the main contributory causes for the defalcations and losses in municipalities:—

- (1) Permitting collections to be made by outdoor sub-collectors in some cases without simultaneously granting receipts.
- (2) Want of proper verification of the outstanding bills and of supervision over the collection work of the bill collectors (e.g., Tychoosapally, Adami, Chidambaram, Tirunelveli, Tiruvarur, Tiruvarur, Chidambaram and Coimbatore).
- (3) Allowing tax clerks to receive the taxes tendered at the municipal office even when there are shortages in the office (e.g., Coimbatore).
- (4) Permitting the withholding of part of the amounts collected from remittance into the bank (e.g., Palamur, Bellary and Mangalore).
- (5) Permitting write-off of items kept outstanding in the books without proper verification.
- (6) Not posting the cash book from the diaries and other subsidiary registers and verifying the cash balance at the close of each day (e.g., Coimbatore).

In all the above 22 cases, something Tychoosapally, action was taken and in the majority of cases the amounts were recovered. In Tirunelveli, it was reported that the water works engineer and a municipal councillor who were deputed to supervise payments to workers, disbursed some less than what was actually drawn from the treasury for payment to the workers, and defalcated some to the extent of Rs. 640, the payments being made at the rate of 5 annas and 5 annas for men and boy workers against the rate of 3 annas and 6 annas at which bills were made and amounts were drawn.

In Tychoosapally, the amounts noted in the tax bills were altered in some cases and the correct amounts realized were misappropriated by a bill collector. The Chairman, to whose notice the irregularity was brought, took the bill collector Rs. 5 and let him off with a warning.

In Kumbakonam, the bill collections were managed departmentally without the necessary provisions laid down in the Municipal Account Code being observed. The ticket books issued to bill-shapers were freely exchanged from one gate to another. The two values of tickets of lower denomination were in some cases changed into those of higher denomination without authority. The counterfoils of tickets in some cases were not forthcoming. A sum of Rs. 17,417-11-8 was recorded into the office against the total collections by tickets amounting to Rs. 17,423-1-8. Of the tickets supplied by the printer, some were found to be missing in the day's sales documents. The tickets bearing machine numbers 17,031 to 27,060 were not traceable and they remain to be accounted for.

The defalcations in Tychoosapally Municipality require special mention. Two defalcations of a similar nature relating to house-tax collections occurred in 1928 and 1929.

The first defalcation related to outstanding bills amounting to Rs. 1,005-11-8. Out of this, Rs. 281-4-9 has since been collected by the issue of duplicate bills, a sum of Rs. 163-18-10 is reported to have become time-barred. Action remains yet to be taken regarding this sum and the balance of Rs. 658-15-8 lost to the Municipal fund.

The second defalcation related to outstanding bills amounting to Rs. 5,655-12-3, of which Rs. 2,644-4-5 has since been collected by the issue of duplicate bills, a sum of Rs. 47-12-10 has been permitted in service petitions, and Rs. 658-14-8 recovered from security deposits; viz., of the sub-collectors responsible. Action still remains to be taken regarding the balance.

Want of adequate supervision over the work of the tax clerks in regard to the issue of bill books and their scrutiny of collections and the absence of any check on the issue, prescribed in article 145 of the Municipal Account Code have been the causes of these deficiencies.

In Salem, a part to whom a sum of Rs. 24 was returned for the purchase of postage stamps was stated to have absconded. The recovery of the sum is pending.

12. Deficit balance.—At the end of 1931-32, the revenue accounts of seventy-six municipal corporations, mentioned below, closed with adverse or nil balance, as shown against each:—

Debit.				Credit.			
	Rs.	A.	P.		Rs.	A.	P.
Trichinopoly ..	81,564	9	11	Coimbatore ..	4,326	13	11
Nagapattinam ..	36,944	11	11	Channarayana ..	3,656	4	9
Salem ..	45,146	4	0	Guntur ..	2,742	4	1
Barrack ..	37,725	3	0	Vengaloor ..	2,625	6	3
Tiruvannamalai ..	25,966	9	9	Parthasarathi ..	2,491	12	9
Adoni ..	22,955	4	8	Ongole ..	2,361	9	8
Kumbakonam ..	22,429	5	1	Kottur ..	2,256	10	5

Tirupattur ..	5,568	7	11	Mayavaram ..	295	5	8

Chennai ..	3,679	8	8	Chennai ..	..	..	..
Tirupattur ..	3,280	7	10	Chennai ..	..	..	..

The adverse balances were principally due to one or more of the following reasons:—

(1) Non-collection of taxes, etc., in full in time owing to the late fixing of the demands and late issue of bills.

(2) Write-off and remissions of large amounts of taxes, etc., due to the municipal fund on account of their being deemed irrecoverable, etc.

(3) Defective statements and consequent loss of revenue.

(4) Expenditure not being regulated according to financial conditions.

The deficit balances were met in one or more of the following ways:—

(i) By utilizing capital receipts for ordinary expenditure, e.g., Nagapattinam, Pondicherry, Chennai, Nandyal and Channarayana.

(ii) By diverting earmarked funds such as Provincial grants, donations, water and drainage tax fund, and loans for ordinary expenditure, e.g., Parthasarathi, Chennai, Chennai, Tiruvannamalai, Guntur, Barrack, Arakkonam and Pondicherry.

Such diversions have been made in spite of the orders issued by Government in G.O. No. 778, L. & M., dated 30th May 1932, No. 2264, L. & M., dated 30th November 1931, No. 392, L. & M., dated 19th February 1932, and No. 1018, L. & M., dated 24th June 1931, in the last of which it has been pointed out that the earmarked diversions of earmarked funds fall under the purview of rule 60 (i) of Schedule IV of the Act and are liable to be set aside.

(iii) Postponement of payment of bills and other liabilities.

The liabilities consist mostly of the cost of medicines supplied from the military stores, district board share of tolls and the contribution due to Government on account of the pay and allowances of medical subordinate.

The Nilgiris municipality purchased water-were materials to the value of Rs. 3,527-6-8 from a private company. Out of the amount due, only a sum of Rs. 2,513-10-0 was paid and the balance of Rs. 1,014-12-8 was kept outstanding for several months. The company thereupon demanded payment of a sum of Rs. 3,527-10-8 by way of arrears. A compromise was arrived at and the balance was paid together with a sum of Rs. 229 to cover the interest.

The very common but unwholesome impression that "money indefinitely payable should never be left unpaid" and that "it is no economy to postpone inevitable payments" has often been ignored by several municipalities.

In G.O. No. 1618, L. & M., dated 18th August 1931, Government have remarked thus:—

"Disturbance in payment . . . will in the long run seriously affect the credit of the local body concerned and react prejudicially on the credit of other local bodies" and have expressed the view that the credit of local bodies should be maintained at a higher level and to watch this, they have called upon all municipal committees to submit a half-yearly

status of outstanding bills. The municipalities which have still large outstanding liabilities to show off are shown below:—

13. *Abandon of work without agreement*.—It is a very common practice in municipalities to start work before agreements are properly drawn up and executed, in spite of the instructions issued in G.O. No. 104 M, dated 12th February 1920. The importance of obtaining agreements before work is put in hand so a license is allowed to enter on his table, is too obvious to require mention. The disregard of the instructions has led to the loss of G.O. (1) The Municipal Council of Chinnaswami had to write off with the sanction of Government amounting to Rs. 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

(2) In Repalle, the bills for the year 1921-22 were issued out for Rs. 1,465. The contractor was allowed to collect bills without executing an agreement. He did not pay any bill when 6th August 1922 and a sum of Rs. 900 was outstanding on this account without any steps of recovery.

In some municipalities also, e.g., Mayuram, Brilary, Nandyl, Virudhunthi, Srivilliputhur, Endupur, Rajamundry and Chinnaswami, agreements were not taken in several cases.

14. In some municipalities, large advances were made to contractors from the Municipal fund for the execution of works or for the purchase of raw-stock or land-shells, etc. contrary to the specific instructions contained in article 29 of the Municipal Councils Code. It was also noted that advances were frequently drawn long before they were required for disbursement.

In Chinnaswami, an advance of Rs. 70-6-8 was given to a contractor for the execution of works and only Rs. 21-11-5 was accounted for by him before the close of the year by the submission of vouchers. In Besavolu, advances were given to the Chairman and councillors on different occasions. In Chinnaswami, large advances were frequently given to a contractor for the purchase of stone even when the previous advances given remained unaccounted for.

This practice is one which is open to serious objection and requires to be put a stop to in future.

Large advances were also found to have been given by some municipalities to subordinates and contractors without steps being taken to obtain proper accounts in respect of the sums so advanced promptly. In Rajamundry, the total amount of advances given by the Secretary from 1915-16 onwards and remaining to be accounted for by him on 31st March 1922, was Rs. 3,708-2-0 against a liability of Rs. 600 only furnished by him on same property. In Tirumangaluru, advances of large amounts were made to contractors in spite of the existing liability of Rs. 3,55-2-3 was outstanding from the contractors at the end of 31st March 1922.

15. *Expenditure incurred directly out of revenue account*.—The fundamental principle that all transactions in which a public officer in his official capacity is a party must, without any reservation, be brought to account and all the money received is lodged in full into the treasury, was ignored by several of the municipal councils.

(a) *Amended paid from current estimates*.—In Mangalore, payments were made from current estimates on 31st March 1922 and the charges were debited in the accounts of the same year (1921-22) but the charges incurred in respect of the same were not accounted for.

(b) In Tirumangaluru, out of the sum of Rs. 6,000, being the sale proceeds of the old municipal secondary school building auctioned in the co-operative fund, a sum of Rs. 1,400 was withdrawn between the dates 2nd August 1921 and 16th December 1921 and payments to the extent of Rs. 104 were made out of the amount. The balance of Rs. 4,600 was subsequently withdrawn and credited into the treasury on 30th January 1922.

16. The following instance of irregularity is a typical case of what is commonly allowed to occur in some municipalities in the matter of payment to contractors for the supply of bills for public work.

In Robinson Municipality, the master mill maintained in respect of the daily supply of bulk by contractors for certain months in the first half of 1933-34 which were reimbursed by a work Committee, advised that no bulk was supplied in some days and deficiencies were duly affected in accordance with the terms of the contractor's agreement. But on a subsequent date, the amount deducted for one supply, viz., Rs. 45-15-0 was paid to the contractor on a certificate from the same work Committee to the effect that the contractor appeared to have worked without loss by completion. It was at first intended to pay to an audit objection that the reimbursement was due to on behalf of the contractor, but in the rubber trade being under repair and that the removal of rubbish was done by other means. Subsequently, it was admitted that there was nothing to prove that the rubbish costs were under regular control. When the Chairman was finally requested to obtain a certificate from the Committee who approved the work that the work of removal of rubbish was done by the contractor on the days marked above in the master rolls by other means with separate bills, the chairman replied that the Committee referred to was no longer on the Council. As the case could not be dealt with under the new Act, the objection has had to be dropped in audit.

17. Other irregularities.—(i) In the Mayanville Municipality, the construction of the municipal high school laboratory building which was financed out of provincial grants was given as contract at the rate provided for in the authorized estimate. The contractor did not fulfil the work within the allotted time and the Council terminated his contract. Subsequently, when making the final payments, the contractor was allowed extra higher time than stipulated in the agreement which resulted in a payment of Rs. 133-4-0 more than what was due according to the contract agreement but which was however accepted by the Council.

(ii) In the Villiers Municipality, construction of the new hall in the municipal market commenced in mid Rs. 1935 was given as contract and the work was completed in June 1936. Soon after, it collapsed and immediately the contractor claimed payment for the whole work done by him. I was found that the contractor's work was not bad, but the building collapsed owing to the municipal engineer's faulty design and full payment was paid for the work from the municipal fund.

(iii) In Wakarusa, the mode of pay of the municipal high school establishment was revised with effect from 1st April 1930 and the initial pay of the headmaster was fixed as amount at first admissible under article 107 of the Civil Service Regulations. The total amount payable made from 1st April 1930 to 30th November 1931, amounted to Rs. 79-15-11 which was refused to be received. Instead of receiving the money, the Council which is empowered to sanction increments in advance of the due date, allowed them with retrospective effect, as to enable the provisions of the Civil Service Regulations to meet, and thereby the money granted out in cash.

18. Dependent expenditure.—The Taborin Municipal Council proposed to construct a wooden bridge over the Puckie channel and contract with the Port authorities to construct the pier at the cost of municipal funds and use the materials for the proposed bridge. The work was proceeded with then, the Port Engineer who was engaged pointed out that the timber was not fit for the bridge work. Subsequently, the construction was abandoned and the dismantled materials were not in working and a sum of Rs. 400, was realized against an expenditure of Rs. 1,446-2-10 incurred by the municipality by way of dismantling charges, etc., resulting in an avoidable loss to the municipal fund.

19. Verification of stock of fuel, plant, etc.—Under article 267 of the Municipal Account Code, the verification of stock of tools and plant should be carried out every year by the Chairman, or by a Committee. It is very important that this should be done regularly as failure to verify the stock may lead to loss of municipal property. Government have repeatedly enjoined the strict observance of this rule as "Observance in the regular annual verification has been known to lead to defalcations." Nevertheless, this duty was left unperformed by many municipalities (e.g.) Madras, Tanjore, Vengaloor, Yerramangalam, Rajahmundry, Indragiri, Tanjore, Tirunelveli, Annamalai, Coimbatore, Virudhunagar, Coimbatore and Beasulpur.

20. Irregularities in stock account.—In the case of stock of fuel, coal, etc., used by the Water Works Department, not only has periodical verification of the balances of stock of the above materials, but even the daily issues have to be ascertained and verified before, with great care. In Tanjore Municipality, a remarkable phenomenon was observed in the consumption of fuel by the Water Works Department. The volume of water was delivered in relation to the quantity of fuel used. On investigation, it was found that large quantities of fuel were accounted for through the entries in the stock books of receipts and issues of fuel filled with the penmanship and requirements for supply. The accounts and books were so well manipulated, that the loss could not be detected during the course of the ordinary audit, as such audit is confined to merely checking the receipts and issues in the stock books. It was, therefore, necessary to have recourse to the statistical method and to compare the pattern of water with reference to the consumption in that statistical department. From this it has been possible to find out that there have been losses to the extent of several thousands of rupees in the consumption of fuel during the past few years in this municipality alone. The subject has been comprehensively reported in the report submitted to Government in the Finance Department in this office L.P. 18-33-1475, dated 14th June 1932.

#### Works estimated from Provincial grants.

21. Short of urgent estimate of provincial grants.—The Karaikal Municipality was directed by Government in G.O. No. 1934-M., dated 14th December 1929, to prepare a revised estimate for the work of laying a water main to Rathamur which was financed from provincial grants adopting the correct rates for the work to be done and submit for the work already done, with a clear report and a comparative statement of work. No such revised estimate

was prepared and estimated, and before this was done pipe materials to the extent of Rs. 10,880-8-8, was obtained from a firm in August 1921, (nearly eight months after the issue of the Government Order) and paid for in October and November 1921, even without council's sanction, when there was no account sent for the materials, and they were allowed to remain unused. This was apparently done to avoid the lapse of the Government grant with reference to G.O. No. 580, L. & M., dated 9th February 1921.

22. *The payment of dues by Municipal Councils.*—Under section 48 (i) (c) of the District Municipalities Act, 1919, no person is qualified for election as Councillor of a municipality unless he name appears on the electoral roll of the municipality, and under section 49 (c) of the Act, no person shall be included in the electoral roll unless "he has paid the taxes, if any, due by him under the Act" during the preceding year.

It was observed by the members of audit that several Municipal Councils, whose members are specified below with the names of the municipalities concerned, have not paid the taxes due by them to the municipal fund for the preceding year:—

					Amount owed,
					Rs. & p.
Anantapur	.. ..	Six councillors	.. ..		171 3 3
Vijayapattinam	.. ..	Four "	.. ..		7,452 33 0
Berhampore	.. ..	Eleven "	.. ..		287 18 4
Vijayanagara	.. ..	One councillor	.. ..		1 0 0
Guatari	.. ..	One "	.. ..		152 0 0

The amounts involved in some cases are very large and they go to swell the demand under account of taxes due to the municipal fund. As the duty of seeing that the provisions of section 48 (i) of the Act are complied with is laid on the Municipal Secretary or Manager (vide G.O. No. 2376, L. & M., dated 1st December 1920), this point is brought to the notice of Government for such action as may be deemed necessary.

23. *Surcharge.*—Since the introduction of the last report, six surcharge certificates were issued under rule 90 (1) of Schedule IV of the District Municipalities Act, 1919, two of which related to the Bellary municipalities:—

(1). A sum of Rs. 1,775-6-0 was surcharged on the late Chairman of the Guatari municipality as he had incurred this expenditure from the municipal fund contrary to law on municipal works which did not comply with the rules issued under the District Municipalities Act, 1919. The order of surcharge was appealed against, but was upheld by the District Judge. As the Chairman failed to recover the amount, steps are being taken for its recovery through the Collector.

(2). The Chairman and the councillors of the Bellary municipality were surcharged Rs. 2,088-11-10, being the tax sustained by the municipal fund owing to unauthorized and illegal reduction of the property tax. Government have since sanctioned the reduction under section 78, second proviso, in G.O. No. 580, L. & M., dated 7th April 1922.

(3). In the same municipality, another surcharge order was issued in respect of Rs. 4-8-0 extraordinary expenditure incurred in connection with the presentation of an address of welcome to Mr. Gandhi. This amount was recovered and credited to the municipal fund.

(4). The Chairman and the Councillors of the Berhampore municipality were surcharged Rs. 912-8-0 for incurred by the municipal fund owing to unauthorized and illegal reduction of property tax from 64 per cent to 1 per cent. They appealed to the District Judge who held that the surcharge order was correct but waived the recovery directing that only the court costs of the appeal should be paid by the applicants. The Chairman thereupon allowed Government to sanction the waiver of this amount also or to authorize its payment from the municipal funds, but this request was rejected by Government.

(5). The Councillors of the Tiruvannamalai municipality were surcharged Rs. 152-0-2 paid on their authority to defray a suit against the late Chairman, to which the Municipal Council was not a party. The approved portion appealed to Government against the surcharge order, which has been upheld by Government in G.O. No. 1292, Finance, dated 22nd December 1922.

(6). The late Chairman of the Anantapur municipality was surcharged Rs. 23-17-0 being interest paid to the Co-operative Mill fund which is an illegal charge against the municipal fund. The Chairman has appealed to Government and their decision is awaited.

From the experience gained in the last year and a half, since the introduction of the surcharge provisions in the District Municipalities Act, 1919, it may be stated that they have a very wholesome effect on the municipal administration in regard to the revenues and expenditure of the fund, vested in or kept in trust by it.

## PART II.

### LOCAL REVENUE.

The total audit of receipts and expenditures of local boards accounts was done by the local audit branch of the Treasury Deputy Collector's office only a token audit being conducted by the principal staff of audit.

5. *Delay in the disposal of outstanding liabilities.*—The unusual delay in the disposal of old outstanding liabilities pending settlement is noticeable so much in the case of local boards as in the case of municipalities. Government have also commented on the delay in the disposal of

objections in individual audit reports. If the presidents of local boards take special steps to see that all the warrants duly submitted are promptly settled with reference to the orders contained in G. O. No. 910, Finance, dated 13rd October 1922, unaccompanied local board orders with Local Self-Government Department Enactment No. 33655-1 L. & M., dated 8th November 1922, better results may be expected in future.

A list of the number of items and the amounts outstanding in each district is appended.

3. Out of the 38 audit notes issued since the submission of the last consolidated audit report, only two notes were returned with replies within the prescribed period of two months while others were delayed beyond this period, the delays extending in some cases to over six months, as shown below:—

4. Since the submission of the last consolidated audit report, two cases of encroachments are outstanding in Rs. 14-6-4 and the other in Rs. 528-8-0 were reported.

The Repatta Taluk Board (Guntur district) lost a sum of Rs. 14-6-0 by theft and it was written off.

Collection amounting to Rs. 329-6-8 relating to the motor bus service started by the Rajawad District Board were misappropriated by a clerk, whose pay of Rs. 50 pending disbursement was withheld, and the balance is pending recovery. Further report on the subject is wanted.

5. The major portion of the expenditures of local bodies relate to public works and it is chiefly in regard to such expenditures that the largest number of irregularities are noticed. The most important irregularities are summarized below:

Large amounts were drawn prior to the receipt of estimates to prevent lapses of allotment.

In Bellary, sums aggregating to Rs. 5,686 were drawn from the treasury by the Presidents, Taluk Boards, Adami, Bellary and Hospet, towards the end of the year 1920-21 for payments to the suppliers of articles of furniture, etc. In these cases, the officers concerned did not furnish certificates of actual receipt of the articles nor were such certificates called for by the audit office in support of the payments. Similarly, in Vengalpet, invoices were received in which large sums were paid for furniture, motor apparatus and books, etc., in March 1921, without the sanction of the local board within the official year and before receipt of the articles. In Kovva, payments amounting to Rs. 495 were made in March 1921 for materials not brought to site, e.g., for 55,590 bricks at 1/12 required for the construction of quarters for the Rajawad Surgeon, Kovva. In certain cases as in Chikiri, payments were made for materials at the kiln or in the custody of the contractor not brought to site. This is another method to show expenditures or to prevent lapses of allotment.

6. *Consumption of work before sanction of contract agreements.*—The seriousness of the risk involved in permitting contractors to start work before agreements are entered into has not been adequately recognized by some local boards. In Coimbatore, the maximum estimate relating to the board from Erode to Madurai was sanctioned for Rs. 2,640 in August 1920 and the contract agreement was executed only in January 1921 although payments were made from July 1920.

In G.O. No. 1022, Finance, dated 2nd December 1922, the Government have held the view "The practice to take agreements is a serious irregularity and may lead to wastefulness and costly law suits". In several districts such as Coimbatore, Bellary, Madurai, Coimbatore, Bellary and Bellary agreements were not entered into in time.

7. *Delay in payment to contractors.*—Several instances were noticed in which payments were made to contractors long after commencement and completion of work. Payments

should not arbitrarily be delayed, as such delays would result in a tendency on the part of contractors to put in claims for higher rates.

In Vangapattinam, contractors' bills to the extent of Rs. 15,000 were withheld in March 1921 for want of funds. It was observed that tenders were accepted at a premium of over 30 per cent over estimated rates in this district.

8. *Provision of supplies of materials to contractors.*—In some cases, the personal accounts of contractors who are debited with the cost of materials supplied to them and their receipts for the materials were not taken at the time of issue as required by Executive Instruction (2377) of the Local Boards Manual. In some cases, contractors were paid full rates in advance of the cost of materials without any being taken to recover from the final bills the cost of such materials. In several cases, the advances paid were not promptly entered into the contractors' ledger, e.g., South Arcot, South Kanara, Bellary and Hassan. It is very important that advances paid to contractors should be promptly entered in the contractors' ledger as otherwise they are likely to be lost sight of when adjusting the contractors' accounts. Executive Instruction (527) of the Local Boards Manual should be strictly followed by local boards in such cases.

9. *Check-measurement not done.*—The object of check-measurement is to detect errors in measurement and to prevent fraudulent claims. The check-measurement should therefore be conducted as soon after measurement as possible. Immediate delay in check-measurement makes the object of check-measurement futile. If the works done are not properly and truly check-measured, it is possible that there may be overpayment or payments for work not done at all.

In Gollawadi, an estimate was submitted in 1915 and the work was measured on 17th March, 1915. It was not check-measured in time and the Assistant Engineer to whom the final bill was sent for check-measurement in 1919 merely remarked 'Inspected' instead of check-measured, on 15th June 1919. The bill was paid on 31st March 1921 six years after the work was measured and nearly two years after it was 'inspected'.

In Kumbot, about 7,125 cubic feet of Mee metal was paid for to the extent of Rs. 112 in a bill dated in June 1919 and there was no check-measurement. The whole quantity however was shown in the 'material at site' account for March 1920 as having been spent but not paid for and the final payment for the metal collection was made in March 1921, with no check-measurement certificate.

Usual delays in check-measurements were noticed in several districts such as Tanjore, Tinnevely, Guntur, Madras, Kumbot, Chikabot, Gootla, Vangapattinam and Hassan.

10. *Accounts of special provision grants not properly kept.*—In almost all the districts, the accounts of special provision grants contemplated in article 84 of the Local Board Acts Manual were not maintained correctly and completely in the Treasury Deputy Collector's local work branch. The proper utilization of special grants received from Government and the actual accepted balances of these grants would also therefore be inaccurately checked (e.g., Bellary, Koppal, Vangapattinam, Guntur, Gollawadi, Madras, Kumbot, North Arcot, Chikabot and Hassan).

11. *Excess cash of expenditure in March.*—The most conspicuous feature in regard to public works expenditure under several current boards was the extraordinary cash of payments in March, particularly in the last few days of the following typical instances will show:—

Name of district.	Other months of the year.		In March.		Last few days of March.	
	Rs.	A. P.	Rs.	A. P.	Rs.	A. P.

North Arcot ..	2,02,621-0-0	average 33,851 per month.	1,07,537-0-0	66,795-0-0 (3 days).		

12. *Excess balances of local boards.*—At the end of the year, two district boards, 46 taluk boards, 46 taluk centres and 10 minor unions closed with deficit balances, as shown in the list enclosed [Annexure B].

Several more appear to have contributed to such deficit balances. The subject is under investigation. Meanwhile it is necessary to attract attention to the fact that several local boards passed their budgets for the year 1921-22 in such a way as to provide for a considerably larger expenditure than was warranted by their anticipated receipts under the normal sources of income and the opening balances of their credit at the commencement of the year. Boards which had

Endorsement of the Accountant-General, Madras, No. T.M./23-34-3518,  
dated the 19th January 1923.

Forwarded.

2. No signs of improvement in the quality of the accounts maintained by local bodies during the year covered by the report are forthcoming.

3. The return of audit notes with replies within the allotted time and the submission of monthly accounts by municipalities on the due date seem to be the exceptions rather than the rule and the immediate delay in the settlement of objections is deplorable.

4. Several municipal councils had deficit balances in their revenue accounts and large outstanding liabilities on 31st March 1922 (paragraph 12 of Part I). These local bodies do not realize that in the depressed state of their finances they cannot afford to be lenient in the collection of taxes (paragraph 10 of Part I) or indifferent as regards collection or write off (paragraph 9 *ibid.*). I anticipate that it will be possible to recover during the year most of the dues to Government by local bodies on account of the cost of medicines supplied, the average cost of medical subordinates but, etc., referred to in paragraph 12 (iii) of Part I from out of provincial grants to be disbursed under the procedure laid down in G.O. No. 2804, L & M., dated 22nd November 1922.

5. I cannot lay too much stress on the importance of the accounts for special provincial grants referred to in paragraph (10) of Part II as on their correct maintenance will depend the possibility of efficient check being exercised by the Examiner that Government grants are utilized for the purposes for which they are intended. The irregularity noticed in paragraph 21 of Part I calls for special orders.

6. Regarding the deficit balances of local boards referred to in the last paragraph of the report, I invite a reference to paragraph 25 of Part II of my Audit Report for 1921-22.

7. The bulk of the defects under local boards relates as in the last report to Public Works expenditure and the irregularities noticed in the report are invariably due to the disregard of the rules laid down in the Local Boards and the Municipal Manual and not to defects in those rules.

W. D. WOODMAN,  
Accountant-General.

To the Secretary to Government, Finance Department.

Order—No. 487, Finance, dated 31st May 1923.

Received.

The Examiner's report contains a comprehensive and lucid review of the position of municipal councils and local boards during 1921-22 as revealed by their accounts. The period was one of growing financial enhancement. This the Government has reason to believe has become more pronounced during the year which has just ended. They are conducting a separate investigation into the causes which have led many local boards into a condition of mismanagement and have under consideration the measures which may be applied to this most undesirable state of affairs.

2. While recognizing the difficulties with which the municipalities and local boards have had to contend, the Government cannot refrain from the comment that in many cases, especially in the municipalities, these difficulties are largely of the council's own making. The Examiner has to report repeated instances of delay in payment of salaries, want of scrupulous collection and the unnecessary writing off of errors which were not really irrecoverable. The Accountant-General remarks that

there are no signs of improvement in the quality of the accounts submitted by the local bodies and some of the largest and most important municipal councils in the Presidency appear to be among the worst offenders in this respect. The only municipalities in which the accounts can be said to have been satisfactorily maintained, were those of Vellore, Madurai, Karur, Villupuram, Mayavaram and Madhavakudi.

3. The Government in the separate replies to the audit reports of individual municipalities have frequently had occasion to remark on the gross delays in the return of the audit over and in the settlement of objections. The latter may most properly emphasize the fact that audit objections lose their value if kept unmet for long periods. The Government must again insist on a strict compliance with Rule 50 of Schedule IV of the District Municipalities Act, 1926. It is noted that in some cases there were as many as 249 objections pending, some of them dating from as long ago as 1917-18. Such a state of things can only be described as deplorable.

4. The Government regret to observe that the number of defalcations rose from 14 in the previous year to 23 in the year under review. The majority of them have in most cases been corrected, but in some instances considerable sums have been lost to the municipal funds. The defalcations are attributed to lack of supervision and disregard of rules. In one case a municipal councillor was involved. The Government cannot believe that dishonesty on the part of councillors is anything but entirely exceptional, but they are constrained to remark that, if councillors themselves are not above suspicion, it is little to expect that low-paid subordinates will not take advantage of opportunities to enrich themselves at the expense of the ratepayers.

5. The Examiner further calls attention to the most improper action of certain councillors who continued to perform their functions though they had not paid the taxes due by them under the Act. The Government trust that such an irregularity will not recur.

6. The Government further observe with disapproval the prevalence of a system said to prevail in some municipalities of making engagements between the councillors for the execution of works or the purchase of materials or food-stuffs. This, the Examiner points out, is contrary to the provisions contained in article 37d of the Municipal Account Code. The practice should cease.

7. While the municipalities have been ready in taking early and prompt action to collect their revenues, they have also in many cases failed to pay their bills when they fell due. Delinquency in payment is as objectionable as slackness in collection and is equally a sign of unbusinesslike methods and lack of efficiency.

8. The majority of the above remarks apply to two cases of the local boards equally with that of the municipalities. In the matter of delays in payment the Examiner has brought to light an extraordinary case in the Gylward district in which a work was actually not paid for till over six years after it was completed. Another most unsatisfactory feature of the accounts of the district boards is the very large number of payments that were made in the last month and even in the last few days of the year. Towards these payments considerable sums were irregularly drawn by the Presidents for subsequent payment for articles which apparently had not been received.

9. The Government do not propose to comment on the numerous other irregularities brought to notice in the report. They agree with the Association-General that they are due not to defects in the rules, but to disregard of the same. They would remind the council and local boards that the rules are framed for their help and guidance and are meant to be obeyed. The success or failure of the administration of self-governing bodies will depend largely on the extent to which they show themselves capable of observing and enforcing their revenues and regulating their expenditure according to financial conditions.

Acting Secretary to Government.

3. A house-connection register in Form A shall be maintained as a permanent record and, in addition, the following registers and accounts shall be kept for facilitating the collection of water charges:—

- (1) Meter register (Form B);
- (2) Meter readings with bill and remittance (Form C); and

6. The following instructions shall be observed in the maintenance of the registers:—

(a) All house connections which are metered shall be recorded chronologically in the meter register which shall be maintained as a permanent record.

(b) Meter readings with bill and remittance.—The meter readings shall be taken in the presence of the owner or occupier regularly every month on fixed dates to be notified to the owner or occupier and recorded in the bill and remittance. The validity of the meter as occupier being obtained whenever possible at the same time in the controlled in token of his having accepted the correctness of the reading. The bills shall be sent regularly to the Municipal Officer for the house of bills either in letters, or once a month as found convenient, according to the orders of the Chairman. The work shall be evenly distributed as different parts of the month as so to ensure the completion of all readings and submission of the bills within the time fixed.

(c) Meter ledger.—The ledger shall show the readings taken every month, the amount quarterly charged, the amount of charges and the date of collection, etc. Separate pages shall be allotted for each house connection to which a meter is fixed. Reference shall be given invariably to the serial number of meters according to the meter register at the top of the ledger. Separate books of miscellaneous bills should be set apart for the collection of excess charges. The excess quarterly charged, the rate at which it is charged and the amount due shall be clearly shown thereon and all the bills issued shall be recorded separately in the miscellaneous bill register series at the current monthly demand.
